

Follow these Safety Tips to Prevent Injuries and Accidents: Slips and Falls

1. Keep floors free of water, grease and spills.
2. Ensure employees wear shoes with leather uppers and slip-resistant soles.
3. Use slip-resistant floor mats where needed, such as around dish washing areas and food preparation stations.
4. Repair equipment that leaks or has excess condensation.
5. Prohibit running and fast walking.
6. Provide and use stable ladders and step stools for reaching above shoulder height.
7. Stack incoming supplies immediately; don't leave boxes in aisles and walkways.
8. Repair or replace loose and worn/torn carpet.
9. Keep stairwells clear of materials and repair worn treads. Provide sturdy handrails and a slip-resistant surface on stairs.
10. Provide adequate lighting where walking elevations change, such as ramps and stairs.
