

Do's and Don'ts of Safe Stocking

DO:

1. Lay pallets flat.
2. Use stock trucks or carts whenever possible.
3. Load stock trucks or carts so they pass through aisles or doorways with ease.
4. Break down empty boxes and containers; discard them promptly so they don't accumulate.

DON'T:

1. Stack merchandise in aisles, stairs or in front of exits.
2. Use boxes, pallets or other items in place of a ladder.
3. Overreach when stocking. Stretching may result in falls or strains.
