

CUSTOMER DISCOUNT ON SAFE CUTTING TOOLS

RECEIVE PRICING 10–20% BELOW RETAIL ON ALL PRODUCTS

Lacerations and other employee injuries related to exposed blade utility cutters and knives often result in large medical bills, lost productivity, and increased insurance premiums. Some of the most common and preventable injuries are cuts and lacerations which often rank as the second or third most frequent workplace injury. Approximately 30% of all workplace injuries involve cuts or lacerations, and about 70% of those injuries are to the hands or fingers.¹

Safety Products Global (SPG) is the market leader in safety cutting tools, positioned No. 1 globally with a 65-year history of manufacturing innovation. SPG products include guarded, spring back, auto-retractable, antimicrobial, concealed, and National Sanitation Foundation-approved blade safety knives. The wide range of SPG products offer safe and cost-effective cutting solutions across all industries, and their customers have realized up to a 98% reduction² in lacerations!

All current Zenith policyholders are eligible to receive a **10–20%** discount below retail pricing on SPG's entire line of products. SPG consultants work directly with you to identify optimal cutting tool solutions for your unique business. They are also available to conduct on-site cutting tool audits at no additional cost.
