

# 2022 WEBINAR COURSES ALL INDUSTRIES

When it comes to protecting employees and your business, Zenith is here to help cultivate a safe and healthy workplace. Zenith University gives current policyholders and agents free access to several high-quality, live training webinars each month. Trainings are led by industry experts and address a wide variety of important workplace safety, risk control and workers' compensation topics. Many webinars are presented in both English and Spanish, and if you can't attend a live webinar, we also offer recorded webinars you can review on your time. Zenith University webinars, as well as hundreds of other valuable tools and resources, are available at no cost through Zenith Solution Center®.
